

For the ninth consecutive year, the Alliant Energy Foundation is offering high school seniors in its service area the opportunity to apply for one of 25 Community Service Scholarships.

The scholarships, worth \$1,000 each, recognize outstanding community leadership in young people and help students reach their academic goals. Award selection is based on participation in a leadership role in community service activities and volunteer work; academic grade point average; standardized test scores; and the content of a 300-word essay submission.

Eligibility rules and online applications are available at www.alliantenergy.com/foundationsscholarship. Applications are independently evaluated by Scholarship America and must be completed by Feb. 17. Award notifications are made after April 1.
