

The engineering and design teams at Ford Motor Company have produced a unique U.S. Air Force Thunderbirds Edition 2014 Ford Mustang GT. This car will be donated by Ford to be sold at the Gathering of Eagles charity event on Thursday, Aug. 1 during the Experimental Aircraft Association (EAA) AirVenture Oshkosh 2013 – the World’s Greatest Aviation Celebration.

All proceeds from the car donation and sale will benefit the EAA Young Eagles program, which has provided free introductory flights to more than 1.6 million young people since 1992, helping inspire and motivate the next generation of leaders, aviators and innovators.

Ford is the exclusive automotive sponsor of EAA AirVenture Oshkosh, held July 29 through Aug. 4, at Wittman Regional Airport in Oshkosh.

“The dedication and excellence displayed by the United States Air Force Thunderbirds are qualities we also celebrate at Ford,” said Edsel B. Ford II, a member of the Ford board of directors. “With this year’s beautiful U.S. Air Force Thunderbirds Edition Mustang, we’ve captured the recognizable symbols of their stature and paired it with the innovation our Ford design and engineering teams build into all of our products. Through this project, we take great pride in continuing our support for EAA and the Young Eagles organization.”
